

80sf-r

TECHNICAL SPECIFICATIONS

ENGINE

Engine Power	100kW
--------------	-------

HOPPER

Hopper Volume	13m ³
---------------	------------------

PRODUCTION

Max Production Rate	880 MPTH
---------------------	----------

CONVEYOR

Belt Width	1200mm
------------	--------

MATERIALS

Sand and Gravel

Aggregates

Compost

Topsoil

C&D Waste

Coal

DIMENSIONS

Transport Length	19.4m
------------------	-------

Transport Width	3.2m
-----------------	------

Transport Height	3.4m
------------------	------

Working Length	26.2m
----------------	-------

Working Height	10m
----------------	-----

TOTAL WEIGHT	275,000 KG (EST.)
---------------------	--------------------------

LIPPMANN
